Your success is our passion!

Our exclusive Berlitz Method®

- introduced in 1878, this intuitive, conversational style of teaching revolutionized language instruction currently
- all communication during class takes place in the target language
- instructors are native speakers and use a conversational approach and are trained to create a positive and comfortable learning environment.
- maximized students' participation: only by speaking actively, learners will be able to communicate in the new language quickly
- study using tailor-made course content, specifically adapted to your level and needs

Learn quickly with natural ease!

Why Berlitz?

At Berlitz, we believe the ability to speak languages combined with cultural understanding is the key to opening many opportunities: in business, in your personal life, and in the dynamics of global interaction between individuals, organizations and countries.

Whatever language you want to learn, for whatever purpose, we will help you achieve your goals in the most effective and quickest way.

The Berlitz Method

An effective and consolidated technique, tailored to your specific needs, which will give you the confidence and skills to speak your new language in record time.

Flexibility

Regardless of your learning style, we will tailor your study program to best suit your needs. You can learn online, in person with a native speaker or on our e-Learning platform.

Fast results

You'll be fluent in your new language faster, spending less time studying and more time doing what matters most to you.

Cultural training

By combining language teaching with cultural understanding, we create the closest possible experience to living and working in a foreign country.

Our courses

Choose the best course for you according to your needs and expectations, and to how much time and energy you can devote to the study of your new language. Set yourself goals and we will help you achieve them

1. **Pick a language:** choose from over 40 languages!
2. **Choose how you want to learn:** in person or online, casual or intensive, there is a solution for every need
3. **Customize your learning path:** choose the duration, the level and the intensity

How a Berlitz lesson works

All Berlitz lessons follow the same tried and tested structure, developed specifically for maximizing the effectiveness of our courses.

Presentation

The instructor introduces you to the topic of the lesson and the new language concepts.

Practice

Students and instructors practice these concepts, increasing the level of difficulty until they become second nature.

Performance

Once these concepts have been assimilated, students start to use them in real-life situations.

Learn in person

Learning for all ages

For more than 140 years, Berlitz has developed linguistic programs dedicated to Kids & Teens to allow them to integrate more easily in an increasingly globalized world. Indeed, children have a much easier time acquiring a new language than adult students.

Beyond the possibility of learning a foreign language better and faster, our programs also allow them to develop their cognitive capacities. They will therefore demonstrate better reasoning skills than those who speak only one language.

B

Berlitz offers courses for all ages, levels and needs:

- Individual and group courses for ages 6 to 17
- Face to face courses, in our premises or at home; online courses
- After-school courses
- In-school courses
- Summer holiday camps in Luxembourg available in English, French and German
