Integrated Videoconference Platform

User-Friendly

Client Dashboard

Unlock the freedom to take language classes on your terms!

FLEX is your personalized language learning solution designed for busy professionals. Choose the language you want to learn and with our platform you can schedule language lessons whenever it suits you - via videoconference with experienced trainers.

Take advantage of the Flex credit system to track your progress, and to receive your certificate showing your progress and your level at the end of your course.

Why Choose FLEX?

- Maximum Flexibility: Manage your schedule and plan your lessons at your convenience–any time, any day.
- Personalized Training: Tailor-made lessons based on your language level and professional goals.
- Trainer of Your Choice: Learn from experienced professionals who match your style and preferences.
- Progress Tracking: Monitor your development with regular feedback and your end of course certificate & level.
